Project: Photography Series - City Lights

Creator: demo-samples...

Timeline (most recent first):

Idx	Date/Time (UTC)	Label	SHA-256 (truncated)	OTS / Anchor
1	2025-10-15 17:46	Final Print Collection	e3f4a5b6c7d8e9f0a1...	-
2	2025-10-05 17:46	Edited Series - Color Graded	d1d2e3f4a5b6c7d8e9...	-
3	2025-09-15 17:46	RAW Image Collection - Night Shots	a1b2c3d4e5f6a7b8c9...	-

What this proves: The listed files (by SHA-256) existed on or before the dates shown; this certificate includes a chain of versions anchored to a public blockchain via OpenTimestamps. What it doesn't: File content itself, ownership/licensing, or identity unless explicitly signed/verified. Anyone may independently verify hashes and anchors via the public proof link.
